Inconsistency Flags

1. [MEDIUM] billing_anomalies

Dates: 2025-02-01 / - | Pages: 6

Physical therapy billing of \$4801.00 for single session appears excessive compared to typical PT visit costs

Recommendation: Verify if billing represents single session or multiple sessions, request detailed breakdown

2. [LOW] treatment_gaps

Dates: 2025-03-10 / 2025-04-01 | Pages: 10, 13

22-day gap between Florida Pain & Spine procedure and next pharmacy fill with no documented follow-up care

Recommendation: Investigate if post-procedure follow-up appointments occurred but were not documented

3. [LOW] provider_statement_conflicts

Dates: 2025-01-15 / 2025-01-22 | Pages: 3, 4

Imaging shows L4-L5 disc bulge while orthopedic specialist documents L4-L5 disc displacement - terminology inconsistency may indicate different severity levels

Recommendation: Clarify whether disc bulge progressed to displacement or if terminology reflects same condition
